MEMORANDUM

S.W.¼ of 14-48-29-W.4th M.
Homestead, Mrs. Elizabeth Marshall.
Entry granted 6th September, 1916.

Cancellation proceedings were instituted against Mrs. Marshall's entry on the 1st March last, and are still pending. The question as to whether cancellation should now take place or whether Mrs. Marshall should be granted a further extension of time within which to complete the cultivation duties, is a matter of fact that we must put in the Minister's hands for decision.

It would appear that Mrs. Marshall has obtained employment during the greater part of the year at Vermilion, and, based on the 6th affidavit, shows the value of this work to be $[illegible].

Mrs. Marshall is 72 years of age and is unable to do any work herself, but is apparently supported by her son-in-law, who lives in the vicinity.

This son-in-law has evidently not assisted Mrs. Marshall to any great extent, as, although the land has been held since 1916, there is no land under cultivation.

If Mrs. Marshall could make application, and at this time on account of the death, it would seem reasonable to grant her a little further time to complete the cultivation duties, owing to the fact that she has apparently been in residence thereon for many years, but in view of that any action it would seem, in my opinion, may properly be taken would be for the ultimate benefit of the son-in-law.

Under the circumstances it would seem that the entry should now be cancelled, but the case is submitted for your consideration in case you should wish to grant Mrs. Marshall further protection on cultivation duties.

Respectfully submitted,

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa.

Sir,-

S.W. ¼ Sec. 20 Tp. 17 Rge. 17 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting these settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

SUBJECT Age of H. B. Reynolds.

The Hon. Minister of the Interior,
Ottawa, Canada.

My dear Sir:

I am informed by Mr. C. J. Stuck, of Carstairs, Alberta, Can., that some trouble has arisen in regard to a valuable tract of land which he (Mr. Stuck) some years ago entered in the name of H. B. Reynolds.

This boy Reynolds was a ward of the State Public School of Wisconsin, and was indentured to Mr. Stuck in 1897.

I am informed that interested parties are claiming that at the time Mr. Stuck entered the land the boy was under the necessary age for having the land entered in his name, so that the question of the boy's age is one of a great deal of importance to him.

I find on examination of records in this office that the commitment on which the boy was sent to the School, dated Sept. 24, 1894, does not state the exact date of birth of the boy. The only information being given is on what we call a "supplemental blank", a line of which reads, "The exact date of birth is' (this much being printed and the rest written in) "ten years'. The father and mother of the child were said to be living, the address not known. Both of them had deserted the boy, and for that reason, being dependent, he was committed to this institution.

As no definite information was given in regard to age the name was entered on our register and his birthday put on the 25th of September, 1884, or ten previous to the day on which he was received at this institution. This was the custom in such cases. Frequently we have children come without their age being given, and no exact information being obtainable we give them a birthday.

The boy at that time was ten years of age and claimed that he was ten in May previous. I do not know why the Superintendent did not take his word for it, as the boy was old enough to know something of what he was talking.

At any rate that is the record. If he was ten years of age on the 25th of September, he was past ten years on that day because there is no evidence at all that that is his birthday; in fact, the evidence is that it was not his birthday.

I wrote the County Judge of La Crosse County on the 16th inst. and received a letter from him the day following, in which he says:

"There has been no record of his birth made in the Register of Deeds office. I understand how the date of Sept. 25th appeared as his birthday, but no doubt he is considerably older than that would indicate. The record shows that he was committed to the State Public School on Sept. 24, 1894 (he was received at the School the 25th), and that he was then ten years old. No birthday being given shows that the officers did not know it. He was, no doubt, taken to the School on Sept. 25, 1894. No birthday being given it was, I am told, the custom of the Superintendent to give the boy a birthday, and call it the day on which he arrived. I think you will find that has always been the custom at Sparta, where the birthday is unknown. Of course, if he was ten years old his birthday was previous to Sept. 25th; but I know of no way to prove it. I wish I could find some record here to show the boy's exact age; but I can not."

This is signed by John Brindley, County Judge of La Crosse County.

Minister of Interior 3.

Had Reynolds been born Sept. 25, 1884, he would have been about eighty days too young to have the entry legally made in his name when it was made; but he was ten years old at that time, and if he had passed his birthday, as he says, in May, he was considerably older than he needed to be when the entry was made.

There being no proof, whatever, that his birthday was in September, and as it evidently came before September, and he says it came in May, is it not a fair presumption that the boy was eighty days older than our commitment shows him to be?

Very truly yours,

Superintendent.

OTTAWA. 4th June, 1925.

Sir,-

N.E.¼ of Sec. 21 Tp. 54 Rge. 19 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Charles Ludwig, Esq.,
Chipman,
Alberta.

Your obedient servant,

J. W. [illegible]

Registrar at Edmonton were each advised of the transfer ; that the lien in question ceased to be an encumbrance as against the first mentioned quarter section (for which Mr. Ratke's entry was cancelled) and became an encumbrance against the last mentioned quarter-section ; and that these two Registrars were respectively instructed to make the necessary entries in that behalf in their books. The records here also show that Mr. Roy complied with such instructions, but according to the abstract furnished by you of the North East quarter of Section 2 it is possible that Mr. Montgomery did not do so.

I am to request you to look into this matter, and if Mr. Montgomery neglected to comply with the terms of the duplicate certificate of the 4th June, 1894, which was forwarded to him under cover of a letter of the 8th of the same month, to ask you to take the necessary action.

Upon examination of the records of the Department it appears that the above mentioned quarter-section was formerly the homestead of Mr. Rathke, or Ratke, and that he encumbered it by the above mentioned lien which he executed under the provisions of Clause 44 of the Dominion Lands Act. Dear Sir.

I beg to state that I have made application to secure a pre-emption of Land for church purposes in the vicinity of Lake La Biche, Alta. — to secure the same, with some other explanations.

I apply for a whole section for the reason, that I was told and understood that near Lake La Biche, where the Indians live round this, all the settlers establishing a station for them. The Indians have not built them on two rivers of this, and a part is 8 miles off, and afterward had to change the place and the settlers to account of the Indians will be their service, and another place, more convenient for them.

As a compensation for the whole that we should be entitled at least to 4 quarter sections viz.:

Ref. 739366.

Department of the Interior,
Ottawa, 27th October, 1903.

Memorandum.

The Agent at Edmonton informed the Department in November, 1902, that Bishop Legal had made application to make entry for the S. E. ¼ of 18--57--2, W. 5th, M., when it was available for that purpose; and the agent was advised that, although the township had been surveyed, the plan had not yet been printed.

The agent now submits a letter from Bishop Legal, in which the latter renews his application for the land in question, which, he states, is required for Church purposes, and says that the reason they desire a whole quarter-section is that some years ago they secured land near Lake La Nonne, when the Indians were located there, for mission purposes, and that a mission house was built at a cost of $600, but that they had to abandon the place and building on account of the Indians having been removed to another Reserve. He says further that, in view of these facts, he believes that his Church is entitled, as compensation, to at least the S. E. ¼ of the said section 18, and asks, if this quarter-section is not "complete" on account of the encroachment of the lake, that the island opposite the land should be added to it.

The frac. S. E. ¼ of 18 contains 31 acres, and the portion of the island in it 19 acres; the remainder of the island, which contains 11 acres, is in the S. W. ¼ of the section.

The lands applied for are vacant in the records of the Department and are shown on the sketch hereunder.

J. G. Turriff, Esq.,
Commissioner of Dominion Lands.

Sir,

Referring to our conversation of February last at Ottawa I do beg to respectfully insist upon the claim we have to a homestead and a preemption at Lac Vanine in Tp. 57. R. 2 w. 5th m.

A mission was founded and established and manned by oblate missionaries in 1854, till 1884 when the Indians were again removed to the new Reserve at Pigeon Lake (or Battle Lake) Alexander's consent. One man we were obliged to remove our mission, consisting of Hall situated somewhere many miles Northern and South of same.

But the missionaries had then also acquired a right to a homestead and preemption. Therefore I do respectfully request that the Church of Canada may be given for a homestead Tract Sect 18. Tp 57 R. 2 w 5th m. with a small Island nearby, only 90 acres in all

Also where stands a cemetery of two acres at present in use

My Lord,

I have the honour by direction to acknowledge
your letter of the 15th instant, and in reply to the enquiry
tion of the Department to a claim registered by your Church
to a piece of land in township 57, range 1 west fifth
meridian, &c. to say that, from the papers
on file in connection with your application for this
parcel of land, it does not appear that the Church is
entitled to more than a homestead entry for the land
which is claimed. You designate the land as the fractional
S.E.¼ of section 18 and island portion within the quarter
section and partly within the S.W.¼, in all an area of
?? acres.

According to the Departmental records the land
in question is vacant, and, if you have a resident mission-
ary priest in that vicinity, he might make an entry for
this parcel of land. It is the only way that I can see that
you could obtain title.

There is another alternative, that is, the
Church could apply for a mission grant of 4 acres, and,

MEMORANDUM:-

With reference to my memorandum of 27th October, 1903, the late Commissioner's endorsement thereon, and my letter to Bishop Legal dated 29th June last, I beg to submit his Lordship's formal application to have granted, for church purposes, fractional legal subdivision 1 of section 18, in township 57, range 2, west 4th meridian, and to purchase the remainder of the SE¼, together with the island, part of which lies within the SW¼. The whole area of the S½ is 93 acres about 50 of which would be purchased and the balance free granted.

The Agent attaches to Bishop Legal's Statutory Declaration, a memorandum by himself, to the effect that the Minister had told His Lordship to submit the application, although the present practice was to grant 10 acres, only.

There is on this file a letter from the Reverend Mr. Leduc, dated 14th June last, addressed to Mr. Cory, stating that the Mission was established in 1879, and asking that the Reverend Father Landry be given as a homestead, fractional section 18 (meaning the N½) with the island ; also where available a pre-emption at $1.00 per acre. To His Excellency,

The Governor General in Council.

The undersigned has the honour to report that application has been made on behalf of La Corporation Episcopale Catholique Romaine de St.Albert,for a grant of the west quarter (or entire) of the S.E.¼ of Section 18, Township 57,Range 2,West of the Fifth Meridian,for church and cemetery purposes.

The land in question is available for the purpose and the necessary conditions having been complied with, the undersigned begs to recommend that,under the provisions of sub-section (d) of section 76 of the Dominion Lands Act, the west quarter (or entire) of the S.E.¼ of Section 18, Township 57,Range 2,West of the Fifth Meridian,containing forty acres,be set apart and appropriated for church and cemetery purposes,and that a free grant thereof be authorized to La Corporation Episcopale Catholique Romaine de St. Albert for the said purposes.

Respectfully submitted,

Minister of the Interior.

Memorandum:

I beg to submit, for the Minister's signature, the Memorandum to Council herewith, recommending that a grant to ~~Catholic~~, under the provisions of sub-Section (3) of Section 70 of the ~~Dominion~~ Lands Act, of the Association Diocesaine Catholique Romaine de St. Albert, of the most easterly ten chains of the S.E.¼ of Section 15, Township 57, Range ., west of the Fifth Meridian, for church and cemetery purposes.

I would point out that, under the present practice of the Department, grants for church and cemetery purposes are confined to an area of ten acres, but, as the Authority for the grant is section, containing 40 acres, dating back to 1875 (your memorandum of the 15th December, 1875, herewith), I do not think the area should be reduced in this case, especially as the Homestead Inspector reports that the church is valued at $1000.00 and that thirty-five persons are buried in the cemetery.

Respectfully submitted,

( )

Chief of Branch.

Unpatented area of 18 reserved for the purposes of this scheme. 37 [illegible]

July 30th, 1920.

Sir,

In connection with an investigation being undertaken by the Reclamation Service to determine the feasibility of a proposed Majeau - La Nonne drainage project, I shall be glad if you will reserve in your records the lands included in the schedule attached.

I beg to advise you that reservations placed against homesteaded lands will not affect any rights that the entrant was entitled to at the time of entry, but in the case of cancellation or abandonment that such lands will be reserved for reclamation by drainage. For this reason, you are hereby requested not to accept any application for inspection from any private individual for such lands after the receipt of our letter of reservation. Any application received previous to the date of our reservation may, however, be dealt with in the regular way. In the case of an application for cancellation proceedings being made after the receipt of our letter of reservation, you should at once notify the Dominion Lands Branch so that steps may be taken for an inspection, if necessary.

These instructions are given so that the department can arrange for an inspection, if necessary, and relate only to existing homestead entries. It is not intended that you should accept any application for cancellation proceedings, but you should without accepting them, advise the department and inform the applicant that his request has been forwarded to Ottawa for consideration. Upon receipt of this request, the Dominion Lands Branch will take the matter up with the Reclamation Service, who will advise whether or not such lands should be released from reservation and you will be notified as to whether or not an inspection should be made.

In the case of certain returned soldiers and others who may have incurred expenses in investigating suitable land within this tract with a view to filing entries thereon, I beg to inform you that the Reclamation Service will offer no objection to such person or persons being granted the privilege of making entry after the date of our instructions reserving said lands, provided the said expenses were incurred prior to the date of our reservation.

Encl.

Please advise me when these reservations have been noted in your records.

Dear Sir:

Re Redcliff Brick and Coal Co.Ltd.
Re Pumping Station and re S.E.6-12-6 W 4th

Our clients, the Redcliff Brick and Coal Co. Ltd. own all section six northand east of the Saskatchewan River with the exception of that part of the south-east quarter north of the river. This Company has an extensive brick plant at the town of Redcliff near Medicine Hat, and to secure water supply for this plant and for the town, they erected a pumping house where indicated on the enclosed plan with the mistaken idea that they were erecting the same on their own property.

Recently, a man named White has homesteaded the portion of the south-east quarter north of the river and upon survey being made, it was found that the pumping house and other buildings were on his land. Mr. White is willing that a transfer should be given to our clients. We are therefore writing you to see if it cannot be arranged that patent be issued for our clients, say for three or four acres, on which these buildings are situated. The concrete well or tank actually cost the Company about $1500., together with the buildings which are valued at $500., the pumping engine etc. valued at $2000., bringing the value of their improvements

on this property to approximately $4000. To remove these buildings and engine and pump they would of course lose the well which they have concreted and as well lose considerable of the value caused by the removal. You will see what a hardship this would be. The pumping station requires considerable renovations and before doing this, the Company naturally wish to know whether they can get title to this property.

We would be pleased if you could advise us shortly as to whether you are willing to grant patent for this land and as to what further material you require.

We are sending under separate cover the linen plan referred to above, and would ask you when you are through with the same, to return it to us, as our clients have not taken any blue prints thereof.

Yours truly,

NORTH WEST TERRITORIES.

In the matter of South West Quarter of Section, 4 Township 25 Range5, West 5th.

I, Andrew Andrew Franlkin Sibbald of Jumping Pond in the District of Alberta, Rancher, do hereby solemnly declare :-

I. That I came to reside in the North West Territories in year 1875 and lived with my father at the Village of Morley . ~~My father became the owner of~~ In the spring of the year 1886 I squatted upon the South East Quarter of Section 28, Township 26, Range 6, West of the 5th. I did not make a homestead entry on it because I was informed and understood at the time that it was not open for homestead entry For this reason I had no correspondence with the Department respecting the quarter section.

2. During the summer of 1886 I hauled logs and built a house upon the said land and I also hauled logs for a stable and built the walls of a stable.

3. In the year 1887 I plowed about 8 acres which was all the land suitable for cultivation upon the said quarter and I put a crop in the land thus plowed. I took a crop off it the next year as well and in the year 1887 I fenced nearly the whole of the quarter section and also put a fence around the aforesaid 8 acres and some additional land.

4. During this time I lived with my father at Morley about 3 miles away. In 1890, in the fall, or early in 1891, I abandoned the said quarter section because I found it was not a good quarter there being very little hay land on it, in fact practically none at all. It was dry and gravelly and there was quite a bid of muskeg on it . I therefore left it to get a better quarter.

5. I am now living on the North East Quarter of Section 24, Range 5 West 5th which is my present homestead and

to get a second homestead entry on the South West Quarter of Section 4, in Township 25, Range 5, West of the 5th. I am the owner of the South East Quarter of 5-25-5 West 5th adjoining the quarter last mentioned. I am the owner of two hundred and forty head of cattle and thirty horses. In order to carry on my ranching operation properly I require more land for holding my stock in summer time for breeding purposes. All the other land suitable for this purpose in my neighborhood is now taken up and under fence or will be so shortly.

And I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act 1893.

Declared before me at the City of Calgary in the District of Alberta this 20th day of January A.D. 1903.

Memorandum:-

I am to return Mr. T. Bowser's letter to you, dated Prince Rupert, the 13th instant, asking how much there is still due by Mr. W.A. Gordon on the purchase of the S.E.¼ of section 31, township 4, range 1, west of meridian, and to say Mr. Bowser states he understood from Mr. Gordon that he will forfeit $100.00 plus interest to pay if amount of last payment, $1000.00 less.

The matter rather over-looked until it came to be, after the first Oct., a case of Mr. Gordon's, who had the first instalment of $200.00 not paid, leaving a balance of $800.00 still due, with interest from the date of the sale at the rate of 5% per annum, - amounting to $40.00 per annum, as the interest runs half yearly, as set out in paragraph (3) of the Order-in-Council.

The matter rather in question was Mr. Gordon's purchase, as above described, of 160 acres at $5.00 per acre - $800.00 if I recollect right.
